

Abrasive Quick Stop SSAS-1

This high quality brand belongs to the product group “pressure blast systems”. Only the perfect configuration and match of all system components in a blast machine enable maximum blasting efficiency. Therefore Clemco offers an extensive and complete range of quality products.

Abrasive Quick Stop SSAS-1

Common blast machines without any installed fast stop system, depending on outer circumstances, sometimes operate too slow. The Clemco quick stop system lowers this time below one second and conforms therefore to highest safety standards.

Total dimension: W x H x D *	700 x 660 x 500 mm
Weight *	40 kg
Blasting pressure	0 < > 12 bar
* +/- Values, may differ depending on configuration, arrangement and function.
