

Blaster Suit - Leather

This high quality brand belongs to the product group "operator protection". The first priority is effective safety for operators. Productivity will increase, if operators feel more secure and comfortable. Clemco's CE-approved accessories protect the blast operator from excessive heat, cold, dust, and noise.

Blaster Suit - Leather

By using leather on the front- and backside of the suit our leather blaster suits are offering highest safety standards to the operators. The material is very wind resistant and therefore suitable for windy weather conditions.

Restrictions

not suitable for harmful and toxic dust
