

CQB and CFB Coupling Brass / Stainless steel

This high quality brand belongs to the product group “pressure blast systems”. Only the perfect configuration and match of all system components in a blast machine enable maximum blasting efficiency. Therefore Clemco offers an extensive and complete range of quality products.

CQB and CFB Coupling Made of Brass / Stainless steel

Coupling for connection between different hose parts. Through the usage of brass / stainless steel, the coupling is eminently massive and therefore especially suitable for harsh and mobile applications like for example construction sites.

Area of application	suitable for different hose sizes
Blasting pressure	0 < > 12 bar
Operating temperature	-15°C < > +50°C

COUPLINGS BRONZE/ STAINLESS STEEL with screws and lock

item #	description	size
90258D	CQB-0 COUPLING 1/2" - STAINLESS STEEL	13 x 7,5 mm
90257D	CFB-0 COUPLING 1/2" - STAINLESS STEEL	½" fine thread
00551I	CFB COUPLING 1 1/4" - BRONZE	1¼" fine thread
00553I	CFB COUPLING 1 1/2" - BRONZE	1½" fine thread
