

Blast Light

This high quality brand belongs to the product group “pressure blast systems”. Only the perfect configuration and match of all system components in a blast machine enable maximum blasting efficiency. Therefore Clemco offers an extensive and complete range of quality products.

Blaster Lamp

The Clemco blaster lamps are designed for the special requirements of the blast processes. They are dust-tight and the rubber housing protects them against wear and damages.

Features	12V/20W - 5m cable
