clemco
TRANSFORMING OUR WORLD

Complete Pressure Blast System

This high quality brand belongs to the product group “pressure blast systems”. Only the perfect configuration and match of all system components in a blast machine enable maximum blasting efficiency. Therefore Clemco offers an extensive and complete range of quality products.

- Custom configuration
- High efficiency
- Innovative design

Engineered by Clemco

Pressure Blast System

Our abrasive blasting systems form a complete package, which contains not only the blast pot but also the corresponding safety equipment for blasting. The blasting systems are available throughout in our various pot sizes from 20 - 300 litres. The respective blasting equipment is optimally matched to each other and designed for common blasting operations. A fully equipped blasting package is particularly suitable for basic equipment or to update its equipment and safety equipment on the latest standards.

Tank capacity	20 - 300l
Abrasive media	for every common media
Blasting pressure	0 <> 12bar
Features	different blast pots blast hose (mounted), nozzle, remote control blaster suit, helmet, air filter, leather gloves
