

Blast cabinet with 6 injector nozzles

TA07045

Increased injector blast performance due to several blast nozzles

Application	Semi automatic blasting with fixed workpiece
Equipment solution	6 fixed injector blast nozzles (Ø 8mm)
Part Handling	The workpiece will be fixed and consistently blasted via 6 blast nozzles
Application advantage	Reproducible results
Media reclaimer	900 cfm cyclone with sputnik injector part
Dust collector	MBX-1500 with 18,8m ² filter area
Air requirements	6 m ³ /min
Blast system	Injector
Electrical requirements	2.2 kW /380V/50Hz
